

WESTSIDE SCHOOL COMMENCEMENT

Seventy-Five in the Graduating Class.

Exercises to Be Held in Salt Lake Theater Saturday.

An Interesting Programme Will Be Rendered; Details, However, Not Made Public.

Next Saturday night at the Salt Lake theater there will be given a programme of extraordinary interest to all of the students of the West Side high school, as well as to hundreds of others. The occasion will be the commencement exercises of the senior class. This year there are seventy-five students who will receive diplomas, having completed the four-year course. The class exceeds the number graduated last year by about ten, but is about fifteen below the class of 1903, which, by the way, was the largest ever graduated.

The programme, which is of course a secret to the class, will be one of the best ever given by a graduating class. A large number of the exercises are based on Eastern colleges, while many will be content with the University of Utah. The following will go to Harvard: Lloyd Brooks, Arthur Moreton and Royal Mardian. The names of the graduating class follow:

Two-Year Commercial Course.

The two-year commercial course also has a large class, some thirty-three having completed. They will hold their exercises tomorrow night at the high school assembly-room at 8 o'clock. They will be presented with certificates of graduation, but will not receive diplomas. The class is made up of the following:

Wonderful Wireless Feat.

NEW YORK, May 27.—The steamer Campana, which arrived today from Europe, reported that she had been in communication with land by means of wireless telegraphy during the entire voyage. When in mid-ocean the Campana was in communication with both America and Europe simultaneously, a feat never before accomplished.

WARNER'S SAFE CURE

Rev. Dr. I. Villars, a Prominent Methodist Divine, Says "Safe Cure" Cured His Rheumatism.

SANDWICH, ILL.—"After a delay of months to be sure that a cure of my rheumatism of over a year's painful suffering had been effected, I desire to assure you that so far as I know anything of myself, and well, I am persuaded that 'Safe Cure' did it. I believe that the medicine will do all that it claims to do, if the patient will follow the instructions in the letter."—I. VILLARS, Pastor M. E. Church.

TEST YOUR URINE

If there is a reddish sediment in it, or if it is cloudy, or if you see particles of germs floating in it, your kidneys are diseased.

WARNER'S SAFE CURE is purely vegetable and contains no harmful drugs. It is prescribed and used by doctors themselves in the leading hospitals as the only absolute cure for all forms of diseases of the kidneys, bladder and blood.

Warner's Safe Cure is what you need. You can buy it at any drug store, two sizes, 50 cents and \$1.00 a bottle. Write Warner's Safe Cure Co., Rochester, N. Y., for free medical book.

WARNER'S SAFE PILLS move the bowels gently and aid a speedy cure. REFUSE SUBSTITUTES AND IMITATIONS.

There is no kidney cure just as good as Warner's. Insist on the genuine. Substitutes contain harmful drugs. Beware of so-called kidney cures full of sediment and of bad odor; they are dangerous.

A RICH STRIKE.

SENSATIONAL DISCOVERY OF GOLD IN OLD MEXICO.

Ore Which Cannot Be Distinguished From That at Goldfield Has Been Found in Sonora.

Now that the country is excited over the recent gold strikes in Nevada it is timely to hear of a discovery of free milling gold in Sonora, Mexico, that is pronounced by geologists to be identical with Goldfield ore.

The property upon which this bonanza strike has occurred is known in Mexico as the Iris Gold Mine, and is owned by the Batillera Mining Company of Philadelphia. Arrangements have been made for a mill run of 100 tons of Iris ore at a stamp mill some six miles distant. It has long been the opinion of mining experts that the same mineral belt which extends from Tomopah southward to Goldfield continues further down the continent. But the news of the Mexican discoveries will produce a sensation throughout the mining world, for it will now be possible to determine the course of the belt, if not its exact extent. The Batillera Mining Company, whose officers are principally Philadelphians, owns a number of large properties in addition to the Iris Gold mine, which will be operated on a large scale during the present year. It is said several offers have been made by large mining interests to purchase the property containing the Goldfield ore which have been declined. James Vick, formerly manager of the well-known Vick Seed House, is secretary of the company. Mr. Vick has a sample of \$5000 ore from Goldfield which cannot be distinguished from the ore found in the mines of the Batillera Mining company in Mexico. His address is 736 Land Title Building, Philadelphia, where his friends can communicate with him.

HAS A "CONEY ISLAND."

Permanent "White City" Resort Is Opened in Chicago.

CHICAGO, May 27.—The White City, the "Coney Island of the West," was formally opened today to crowds of people that filled the streets for blocks in every direction from the entrance. The White City, in appearance, is not unlike the World's Fair at Chicago, insofar as the architecture and color of the buildings are concerned. It is a pleasure resort, combining the attractive features that were seen on the Midway during the World's Fair at Chicago and on the Pike at St. Louis.

Located on the South Side, about a mile west of the old World's Fair grounds, the White City occupies about twenty acres, filled with buildings that cost something over a million dollars and will, in the future, be an attraction every summer.
